1. The first step is to identify the problem. In this case, the problem is that the company is not meeting its sales targets.

Some of the most important of these are:

8601 E. 34th Ave. Denver, CO 80231-2524

FOR ANY STAFFING EMERGENCIES, PLEASE CALL 404.386.7411

It is important to note that the above results are based on the assumption that the data are stationary. If the data are non-stationary, the results may be biased. Therefore, it is necessary to test for stationarity before conducting the regression analysis.
