Hello Andrew,

This concerns me a little bit as I do not have anyone on your schedule for last week? Neither Tonya or Michael? Who or what address did you send the request to for staff. I searched the atlanta@acrobotoutsourcing.com email & the last email from you was the hours for week ending 12/23/18.  
Did you guys ask them personally to come back? If so we were never told from what I can see that they were there. I can get you a time sheet if you you can tell me the days you had staff.

Thank you!
