Shannon,

Sharron Albertson stated that she worked and signed in with you and signed out at the Levy Office.

Her times was 4:45-11:30, she said she stated by helping the chef roll racks to where the event was being held.

Please see below for a picture.

Anthony,  
See attached.  
Exceptional team tonight – really knocked it out of the park.

A few exceptions – Ahmad, Heaven and Tyrell.  
Based on our protocol, we will have to ask that Ahmad and Heaven not return. They left early from the shift (915pm).  
Tyrell just didn't contribute. He wasn't a behavioral problem, he was timely, etc. he just didn't contribute the way the others did.

Let me know if you have any questions.

Thanks
