## NOBODY WORKS HARDER

January 10, 2009

Dear Greg,

I just wanted to thank you in writing for the assistance you have given our company over the past year. I have been very pleased with the people you have sent to help us, many of which had great catering experience. But more importantly, I have depended on you many times knowing you would come through with the help I needed.

Doing an event for 10,000 people is stressful enough without worrying about my staffing needs. And even the out of town events you were able to staff. I don't think I could have staffed a Thursday, Friday, Saturday event in rural South Georgia without your help. I know I can always count on you if I call you 3 weeks in advance or 3 hours!

You've been a great partner in our business and we want you to know we appreciate your professionalism and look forward to a continued relationship with you and Drake Staffing.

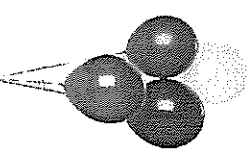

Sincerely,

Cathy

To Whom It May Concern;

We have used Drake Staffing for all our service and culinary staffing needs for a little over a year. In that time we have had great success with all of our functions. Unlike other staffing agencies we have used in the past, Drake is reliable. Their servers and culinary staff arrive on time, dressed properly and ready to work.

The Drake management team is excellent as well. They only hire properly trained individuals and continue their education with in house training. They are always able to fill my orders, even on very short notice.

Please feel free to contact me with any other questions.

Sincerely,

Greg Gordon
