

I'm writing this Statement because Michael Witt Threatened Me.

Wednesday, December 5th, I came into work and Michael Witt pulled me aside and said. "I'm going to fuck you up. And say thank you." I asked him what is he talking about? and he responded with, "you know what. Apparently, you can't trust anyone. I don't like rats."

After that incident he kept making comments about the situation, making me uncomfortable to work with him. He then changed his attitude and started talking to me as if nothing happened. He again said thank you because of me he is transferred upstairs where he has room to grow.
