IN YOUR OWN WORDS, DESCRIBE THE EVENT(S) THAT OCCURRED (PLEASE BE SPECIFIC):

I was doing the closing procedure for West Lobby, and Sean Connor was refusing to open the Schaeffer lid when I asked him to. I asked him again and he said there was nothing in there. I asked him one more time to open it, (because I had to check for the water as well.) He then proceeded to yell at me, screaming: "I'm a 55 year old man, if you don't believe me, that's your problem." I replied that he needed to follow a simple instruction. He didn't like that and proceeded to rant and rave. Then when he was done with his money bag, he came to me and said "here take my bag! I gotta go!" and he waved the bag in my face and said "take this bag!" Yelling, again he said "take my f--- bag!" Cursing at me and waving the bag in my face. I said "I was gonna call Security and reached for my Radio, he then backed away. Then he scared the other body's as well with his yelling. They started saying you need to take your bag. I told him to stop cursing at me and speak in a professional manner, that we were in a place of business. He scared me! When he did that, I'm not used to people yelling and screaming in my face and cursing at me. Please do not send him back to work were ~~sent~~ again.
