Hello Antonio,

I was not aware of this and do not appreciate your tone when talking to me. If I was aware of this, I would have done my best to respect your wishes.

You need to remain professional when talking to others.

Please regard this email as your TERMINATION for behavioral misconduct and has been forwarded to Human Resources. Do not attempt to contact us any further with your disrespectful tone.

Do you understand?

A few days ago I requested to REMOVE my personal information from your database. But I'm still getting your fucking notifications through my messages and email.

I am NOT INTERESTED in working with unprofessional and disrespectful people. Do you understand?
