To follow up
We wrote down for Robert all his breaks time
1:10 his last break

Since earlier he is not responding his phone and his working cart part by the storage area on 7th fl

Thank you and looking forward for new candidate,
Anya

Hello Jaime and Claudia!

Please process reassignment of Robert Castillo starting today.

Notes:

Not focus at all on learning and memorizing
Can't adjust himself the building (1 week in) we limited his tasks so much to be supportive but no changes. Also he was always working with someone, everyone who worked with him expressed and sharing the same opinion that very hard to train when person not listening

4 days late during 1st week of stage
Not clear communication
Not following directions provided
Not completing tasks (others covering and finishing for him)
Yesterday Thursday 10/17 Overtime not approved at all
We could not find him and he did not respond his phone at all
Performance is very inefficient and slow

In generally he seems like nice guy and have potential of a good worker. Unfortunately I can not delegate him tasks which he is assigned for . I can not fully trust him working independently.

Please close his badge access today after he leaves and let him know about reassignment.

Please continue looking for a candidate who can cover Richards Linyard absence and fulfill his responsibilities

Thank you,
Anya
