Good morning ,

Firstly I would like to thank you for hiring me and giving me the opportunity to work there, as well as I apologize for the bad timing on my poor health . I've been waiting for a few weeks to hear back from a dream job of mine and they finally just contacted me. I'm going to have to accept this job after I'm cleared to work due to the fact it's been a goal, as well as the language barrier between me and the other employees at Foxwoods is fairly difficult Amongst other problems. I'm not sure if I am supposed to contact you, HR or the managers about stepping down.
