Hello Peter,

I want to make sure I am not missing something but I believe this employee (E47233) is creating fraudulent paystubs. Her last date worked according to Taborca was 11/5/2018. She was then rehired on 8/12/2019. This paystub list Acrobat Outsourcing and is from June 2019. Am I missing something? If this is correct, I do not want to continue to staff this employee. Do you guys agree?

Thank you,

Amber Dillon

Mr. Chong,

Her pay stubs say 10.50 an hour but you put 12.00 an hour on the EV, did she get a raise?

Hi Michael,

I have a question. Why is her year to date so low? Did she take some time off? And if so how long was she away from the company?
