**Subject:** Percy Robinson Running Late

Hello Jason,

Percy Robinson just reached out and informed the office that he is running 30 min late today.

While going over his timestation I noticed he has over 7 tardies on October and on Oct 31st his start time was moved to 8am.

Since then he has had the following late clock in times:

11/4-8:15am

11/8- 8:34am

11/12 8:11

Today- 30 min late.

It may be best that Jaime issues him a written warning for his tardies. With his issues before she can explain to him that he needs to plan on getting to work at 7:30 am to ensure if accounts for any delays he's encountering.

Best,
