Hey,

**VALIDATE:** sanity check; 1) sender email suffix logical?; 2) language spelling/context appropriate? consider clicking if; immediately following a meeting/discussion. Research further if; 1) sent out of the blue even from a trusted person; 2) suspicious link content. **SUSPICIOUS:** create new message to sender, do not reply, and seek validation if suspicious. Trusted sender? add them to our trusted list, <https://tsc.fyi/TrustedSender>

Yeah they probably didn't send it because I was supposed to do it on my behalf first but I kind of had something to do today and when she reached out to me she told me she had me on the schedule but I didn't reach out to her at that time so that's why I told her I will be in tomorrow but I got to confirm it with you guys first cuz usually I was supposed to do Wednesday through Sunday but I missed today
