Hello Shirley,

I am following up to the voicemail and text message I sent you regarding your shift for today. You were scheduled at Belmont Village for a 10am shift, and the client has advised that you did not show up to the job site. This will be marked as a No Call No Show and your employment with us will be under review. I will discuss this further with Marlen and see what the next steps will be.

Best,

**Jaime Barnhart**  
Operations Manager
