Hello Blanca,

You were marked as a No Call No Show for the Componere event on 8/13. I am aware that you did try to make it to the event but unfortunately the instructions were listed in the email provided and if you had needed assistance with finding the event or figuring out the directions you should have reached out to the main office number and not Michelle directly because managers are not always in the office. Unfortunately, this will count as a warning and moving forward if you are to ever need assistance, please reach out to the main office number provided in the confirmation emails.

Best,

**Jaime Barnhart**  
Operations Manager
