SARS-Cov-2 Virus Detection Report by RT-PCR (NAAT)

| PATIENT | | DIRECTOR INFO | | SAMPLE | |
|-----------------|------------------------|---------------|--------------------|-----------------|------------|
| Name | GABRIEL HIGAREDA | CLIA License | 05D1007531 | Sample ID | A0109517 |
| Date of Birth | 1991-11-30 | State License | CLF-90002744 | Collection Date | 2021-10-16 |
| Sex | MALE | Lab Director | Mike Moradian, PhD | Received Date | 2021-10-16 |
| Age | 29 | Supervisor | Jacob Morgan, CLS | Result Date | 2021-10-16 |
| Passport Number | Not for travel purpose | NPI | 1699742601 | Report Date | 2021-10-17 |

Results Summary

| Result | | | Sample Type |
|--|-----------------------------------|----------------------------------|---------------------|
| <input checked="" type="checkbox"/> Negative | <input type="checkbox"/> Positive | <input type="checkbox"/> Invalid | Nasopharyngeal Swab |

Please note that the Centers for Disease Control and Prevention (CDC) states that "If you test negative for COVID-19 by a viral test, you probably were not infected at the time your sample was collected. However, that does not mean you will not get sick. The test result only means that you did not have COVID-19 at the time of testing." In an abundance of caution, if you are not already symptomatic, please watch for COVID related symptoms, as they may appear 2-14 days after exposure to the virus.

This test has been authorized by the FDA under an Emergency Use Authorization (EUA). This test is only authorized for the duration of the declaration that circumstances exist justifying the authorization of emergency use of in vitro diagnostic tests for detection and/or diagnosis of 2019-nCoV under Section 564(b)(1) of the Act, 21 U.S.C. § 360bbb-3(b)(1), unless the authorization is terminated or revoked sooner.

Please note the Orange County test sites administer COVID 19 Real Time Reverse Transcription Polymerase Chain Reaction (RT-PCR) / Nucleic Acid Amplification Test (NAAT) Nasopharyngeal Swab tests and the swab specimens are processed at Sierra Home Health Care Services.

Please refer to the links below for additional information including tips on how to protect yourself from COVID-19. If you do not have access to the Internet, you may also call your primary care provider or 211 to request additional information.
