I am going to take tomorrow (Thursday) and

Friday as sick days. My high blood pressure meds have been changed. I will be 100% and will report to work on Monday.

Jessie Chambers • Wed 11:54 PM

I am still experiencing lightheadedness and nausea from my new high blood pressure pills. I would like to take another sick day for tomorrow (Monday April 11th) I will definitely be at work on Tuesday, April 12th. Thank you.
