Hey Michelle,  
It's Zeba.

Do you still need an extra bar  
back tonight?

I'm supposed to be working as  
an extra tonight , but my tire  
completely blew out & I would  
hate to have to inconvenience  
the person allowing me to use  
their car if I'm going to be sent  
home anyways.

But, I don't want to let TSC down  
either. That's why I wanted to ask  
before I went in.

I think we will be ok.
