

I decided to move on, your system is Flawed we work our butt's off in the Dish Room and from the understanding now is that you can't Sit Down and enjoy your meal it has to be Boxed Up and taking with you when you leave, which is totally unfair, we work Very Hard, work's Up a appetite and you can't eat. Break's are at 1pm, and the food is distributed at 130pm. Also we was told that the pay is \$23 hour well come to find out you're only paying us \$18 Really that's not a good system.
