Hi Julia,

We can remove you. I see in the system that the original confirmation was sent to you on the 22nd of April and it was opened.

Hello. I responded to this email yesterday and stated I could NOT any longer work this shift.

I responded weeks ago that I could work this shift.

I never received a confirmation email until yesterday. By then, I had already been scheduled at my other job.

I wish I could have gotten this email sooner.

Again, I can no longer work this shift and I will NOT be there tomorrow. Julia Noto
