VALIDATE: 1) sender email suffix logical?; 2) language spelling/context appropriate? consider clicking/opening if; immediately following a meeting/discussion. Research further if; 1) sent out of the blue even from a trusted person; 2) suspicious link content. **SUSPICIOUS:** create new message to sender, do not reply, and seek validation if suspicious. Trusted sender? add them to our trusted list, <https://tsc.fyi/TrustedSender>

Good afternoon

After much thought and careful consideration, I have decided not to accept this position.

Best of luck in your search

Heather
