Stephen Dyba DRA is coming in now

Daniel Romero Kitchen Hand is running about 20 min late

One kitchen hand is a no show. Working on replacing him now.

Got a replacement for the kitchen hand no show. He's on his way.

Re: ramarri, she's just not "active" at the job, just hangs back until told to continue doing the work, plus with her fancy nails she kept asking other people to help with tasks over working a few of cards

tasks, even opening a can of soda for her haha. She's fine for FOH though. Same with Ayanna, she could actually do fine in FOH, just not the vibe my chefs want for the kitchen, plus her ankle is hurt so she's not mobile enough.

Thank you so much! I will pass this on to the team. We are working on the replacements now.
