Hi Rubin,

Rubin Williams

NO problem, I fixed it. Have a good weekend, see you Monday

Hi Rubin,

Dayforce is going to text you with a code, can you tell me what the code is

Nov 21, 2023

Hi Rubin,

Regarding phone usage, per the policy that we had the team meeting about, no one should be talking on the phone while on the clock, and any staff working upstairs should not have headphones in during service time for breakfast/lunch/dinner. I am aware that this has been something that Carl has already talked to you about, and if this issue continues the next step will be a written warning.

I'm not in the office currently, but I will be on the way. If you'd like to discuss further, I can check in with you when I arrive

8:29 AM

No need, you guys can move forward however you see fit.
