Hello I wasn't able to make it today is it possible to
to reschedule???

Marian

Hello, that is very unfortunate, can you advise on
what the reason for this no show?

MM

Very unfortunate I wasn't sent any information until
today an hour before my interview which didn't allow
me to be ready on time so instead of being late I'm
trying to reschedule

Marian

Hello, I spoke on Friday about this after our
message exchange and I let you know we would
send a reminder* with all the information but you
had the address, you agreed to the date and time so
I cannot agree this is a justification to not arrive to
your interview.

MM

If we reschedule you for tomorrow same time
130pm will we be able to count on you having all the
information needed to complete this interview?

Yes that's perfect thank you
