message exchange and I let you know we would send a reminder* with all the information but you had the address, you agreed to the date and time so I cannot agree this is a justification to not arrive to your interview.

If we reschedule you for tomorrow same time 130pm will we be able to count on you having all the information needed to complete this interview?

MM

Yes that's perfect thank you

Marian

Thank you for calling me back and let us know how tomorrow goes

MM

If I can get roses information as well since your not available during the weekend just incase I have anymore concerns

Marian

Hi you can find her contact information on her signature as well as you new hire paperwork. But I repeat to you again, the best step to take in requesting clarity or assistance with

scheduled shifts or interviews you must call the emergency line because if rose or I are not in, the manager on coverage will be the one to help you in our absence. EMERGENCY LINE 916-634-0383

MM

Okay
