Yesterday 5:24 AM

Maybe: Jairo Valenzuela

Hello musab, chef,

I am sorry but I have to call out today. I have caught conjunctivitis and strep. Don't want to get anyone sick or be the reason the kitchen goes down. I have been put on antibiotics.

Also sorry for not informing yesterday at a more appropriate time. I passed out hard off the meds. Will send medical proof soon as I can. Trying to access the MyChart data
