Wednesday 5/8:
Did not follow proper closing procedures, food items left in over over night as well as items left in blast chiller that was failed to be turned on. This has lead to a loss of product.

Equipment left out / dishes in downstairs kitchen after being informed of what the proper procedure is for these items.

Describe corrective behavior and actions:

Ensure you are following closing procedures as well as making sure to not place any dishes in the downstairs dish area after 6pm, as this disrupts the dish room procedures. Also make sure you are cleaning up equipment and putting it back in its respective places once you are done using it.
