VALIDATE: 1) sender email suffix logical? 2) language spelling/content appropriate? consider clicking if, immediately following a meeting/discussion. Research further if: 1) sent out of the blue even from a trusted person; 2) suspicious link content. **SUSPICIOUS:** create new message to sender, do not reply, and seek validation if suspicious. Trusted sender? add them to our trusted list, <https://live.fortrustedsender.com>

Hey Michelle do you have any jobs available? I has a rough year last year with family deaths . I'm ready to come back now and work hard
