Today 12:07 PM

Hi Mary, how are you? I really would like to take the position although I am not sure I could be on my feet too long. I have had pains in my legs and feet on & off. Please respond at your earliest convenience.

Hello, thank you for letting me know. It is a requirement for our client you must be able to stand on your feet or multiple hours at a time. Also bend lift and push over 50 pounds.
