| 07/07/2011 @ 1:13 PM | Was accused of selling beer and pocketing money, Maria, Other than the physical evidence we found in the garbage and the discrepancy in the beer inventory for that Pantry, we were unable to speak to anyone in that suite that night to confirm cash sales in that box. In the past, whenever we have had issues with a "Temp" Server we have just asked that we not have that Server on our property moving forward. Thanks Mike | | CTORRES |
| 11/22/2011 @ 9:50 AM | Called Candace to inform her that she was not a fit at Aramark Concessions. In summary, I stated that she is NOT terminated with Aramark and that she is still employed with Acrobat. I've also stated that we are her employer and she is instructed to not contact the client and that she is not to return. She also stated she has not worked with us for quite sometime and I asked her if she has been turning in her availability and she said no and that she found a job which most recently was let go because she was informed that she wasn't a fit and that it didn't work out. She wanted to make it clear that she is a professional and she is a part of this world and that she's easy going. | | MGEMENES |
