Dear : Acrobat Staffing

I am writing in reply to the Bartending position your seeking to fulfill. I recently received my certification of completion from the San Francisco School of Bartending and I am eager to start working in a highly professional environment where I am able to exercise my skills to their highest possible levels.

Efficient, friendly, and responsible services are essential qualities for a bartender and I am happy to tell you that I excel at all three – and more! I have 16 years of customer service experience and I have an extensive background in beverage services with the last four years spent as a Barista for a coffee shop. I understand that customer retention is key to an organization's success and I pride myself on the high-standards of customer service I bring to a position.

I have worked at all levels, from waitress to bartender to manager and am familiar with the complexities of all the positions. This experience allows me to understand and address the challenges that all staff encounters. I enjoy a high-energy atmosphere and meeting new people. I am easy to talk to and have a friendly presence, both of which I believe are indispensable character traits required to be a success at bar tending. I am exceptionally well-rounded in all aspects of beverage services which will allow you to add a comprehensive professional to your team, one that can immediately begin contributing to your company's success.

I have enclosed my resume which further details my expertise. I would welcome an opportunity to meet with you and discuss the impact I would bring to your company. I look forward to hearing from you and thank you for your consideration.

Very Sincerely,

Tyesha Davis
