ABOUT ME

I am an upbeat, professional, hardworking and trustworthy bartender looking for part-time work in the San Diego area. With over 5 year of experience I can handle any situation with ease. My drink, craft beer, and spirit knowledge is top-notch as well as my customer service. At my last position I held the role as the general manager and head bartender at a high volume night club and also created a cocktail club within the establishment for a more one on one experience with my customers. My availability is very flexible since I am currently running my own business.
