**June 19<sup>th</sup>, 2014**

**Dear Recruiter:**

I was excited to learn about your job opening for a concessions team member at Levi's Stadium

I have food experience from my time at KFC in 2010. I bring a passionate attitude for both helping people and food. I also have extensive theatre experience and at first glance the fields may seem unrelated, but theatre has given me the ability to work with a wide variety of people and make deadlines. It is also a very high pressure field and so I have gained the ability to work well under high pressure situations. I also have directed a number of theatrical productions that have given me strong leadership skills and strengthened my people skills. I am a people person and bring a positive attitude to each and every endeavor I undertake. I possess strong critical thinking skills and I am problem solver which will lend itself to the high pace environment of football stadium. Football is also one of my greatest passions in life. It is the greatest sport in the world, and with my skillset and passion for the sport combined I feel like I would be great addition to your team.

Thank you for taking the time to consider me for the opening. I look forward to meeting with you discuss my qualifications and the job further.

Sincerely,

Troy Hagemeier
