Volunteer Work:

Boys and Girls Club of Manteca/Lathrop. April – May 2012.

- 48 Hours of Community Service monitoring and performing activities with kids.

Skills:

Restaurant Operation –

I've opened and closed many times while working at subway. I understand restaurant duties involving cleaning and food prep. These duties are probably similar to the ones at any operating fast-food restaurant.

Busy Environments –

Working for Spartan Shops at the SJSU Event Center I have experience working at busy music concerts. Concessions at concerts mainly get business during concert intermissions that last about 15-20 minutes. During that time there is complete chaos as concessions stands get crowded and you have to work at a hectic pace. I've experienced operating a register and serving/Preparing food in this type of environment, and I feel comfortable working in these types of situations.

Patience –

Volunteering at the Boys and Girls Club and working at Subway I've learned how to deal with people/children of all sorts of ages and not become frustrated. Children are much worse than customers that take 30 minutes to order a sandwich. In my experience at the Boys and Girls Club children would constantly misbehave and cry, I learned how to manage them and not get frustrated while volunteering there.
