PROFESSIONAL EXPERIENCE

Mountain Cascade 55 Exchange Court

7/20/20104/Current

(925)373-8370

Journeyman Laborer

At Mountain Cascade I install sewer and water lines for private parties as well Counties and Cities. My duties include spotting the excavator and checking for proper depth. I help install the pipeline and maintain the roads we are working on so they are safe to drive on. I stop vehicles when it's not safe for them to enter our work zone.

Kincaid's

05/15/2011-7/17/20014

60 Bay View Place

Burlingame CA, 94010

Waiter, Busser, Bar-back, Expo, Cocktail waiter

My duties included taking orders and putting them into the MICRO system. I processed payments and counting money at the end of my shift I cleared, cleaned and re-set the tables. I re-stocked alcohol and glassware as well as deliver and served food. I assisted the servers when they had any issues or needed help. I handled any guest complaints with little intervention from management.

Hardesty Excavating

02/2/2007-02/02/2011

112606 Hardesty Lane

Galt, CA 95632

Laborer/Pipe Fitter

(916)684-2173

I worked on and off with this company for about eight years. My duties were delivering materials to the job site. We installed underground irrigation systems for farmers. Provided various skilled labor duties on an as-needed basis including: removal of concrete/asphalt/soil, operation of heavy machinery, maintenance and repair of equipment, small stationary equipment operation, and other general construction tasks

SMUD,

3201 S Street Sreet Sacramanento CA,

Dec 2004 – Dec 2007

APPRENTICE LINEMAN

Completed 2 years of apprentice training which included: Construction of new overhead and underground services and service upgrades, restoring outages, resolution of power quality issues, maintenance of lines above and underground, and line patrol

Materials Management - Planning and acquisition of proper materials that will be needed to complete the job

Line Fault Repair – Monitoring of fault locators to determine where the fault is, excavation of line, and repair

Code Compliance - Upgrading and updating buildings and substation facilities to meet new codes and regulations on a regular basis

Residential Work – Maintenance of residence electrical equipment during repair of mainline faults, and acted as primary liaison for customers to provide education and updates regarding work being done on their property

Pole Work – Ability to free-climb and safely maneuver on a pole and basic pole framing

Heavy Machinery – Received forklift certification and experience with boom operations and hand signals

Employee Training - Training new employees on expected methods and procedures

Safety – Experience in working in safety gear and flame resistant clothing while being aware of surrounding hazards and pedestrians crossing throughout work zone

Calm demeanor – Skilled in keeping a calm and collective attitude through intensive and dangerous situations

GIL ALBANIA, SACRAMENTO, CA 2002 - 2004

EQUIPMENT HAND

Assisted with any necessary tasks including: management and maintenance of all properties, maintenance and landscaping of yard and shop areas, installation of field irrigation installer, assisting field engineer, tenant maintenance requests, and preparation of units for new occupants
