I am interested in your Server position. At my current position I work as a Server for Savoy Event Staff. This is a demanding position where I work special events and provide service up to the fine dining standard. I handle customer needs promptly and professionally as is necessary because this is a very fast paced business . In my position previous to that I worked as an Assistant Manager for Mao's Kitchen and was responsible in making sure the restaurant ran effectively and efficiently. I helped Servers and Cashiers meet guest satisfaction when the restaurant was busy. I also performed office duties and handled customer complaints. My work experience for over 5 years has been serving food and drinks, taking care of guests, handling payments and providing quality service. I do all this while remaining positive and professional.

Please find attached my resume. Feel free to call me or email me, to arrange a time to meet. I look forward to hearing from you.

Sincerely,

Tarik Gebrehiwet
