I am looking for a position that can keep me busy. I am a hard worker and I am quicker than others at learning new skills. I am good at adapting to my surroundings and I get along with others really well. I am a people person. I like making conversation and I have amazing customer service skills.

Experience

NANA'S MEXICAN RESTAURANT — 2015

Worked as a busser/hostess in a small, but high volume Mexican restaurant in Seattle, WA. Seated guests, managed tables, served chips and salsa and water to guests once seated. Also cleared tables after guests finished their meal, and re-set tables.

DAZZLE CLEANING COMPANY — 2015

Cleaned residential houses and offices. Dusted, vacuumed, made beds, deep cleaned kitchens, and bathrooms. Lots of detail work in most houses.

TARGET — 2014-2015

Working as a cashier at Target I learned great customer service skills. One of the things that our job description required was the up-sell of "RED-cards" (store credit/debit cards). Within weeks of working, I learned the register very quick and I was up-selling RED-cards like no one else in the store, for this I was praised and given more responsibility. Within a month they asked me if I would like to be trained in cash office (counting the money from the previous work day).

LYNDEN DUTCH BAKERY — 2014

This is a local cafe/bakery that is located in my home town. Working here gave me many skills that I can use for other jobs. This was my first job that I learned customer service skills. I also learned how to create and serve delicious tasting sandwiches and espresso beverages, we also served incredible baked goods, that were baked directly in the back of the store. I learned how to take wholesale and cake orders. The cafe was located in a very quaint part of town where they would have big festivals in the summertime and farmers markets during the week. This gave me some skills in woking under a lot of pressure.
