Shifts varied throughout the day and night for an average of eight hours a shift. I was one of few entrusted in training the new servers in order to maintain a higher level of service and efficiency. Among giving exceptional customer service, team work was a core value which involved assisting other servers so that all customers left with a good experience.

I started off as a host/cashier in the Island Buffet where I was in charge of seating guests in an orderly rotation. Within a six month period I had progressed in a manner that I was able to transfer to a new restaurant within the casino. This restaurant was a high end seafood restaurant called the Oceano. I was hired on as a food expeditor where I was put in charge of organizing food and taking to the tables in an orderly and timely manner. After some time I was once again presented with another opportunity to move forward. I was promoted to a full time server where I learned how to be efficient in taking orders, running food, and bussing down tables.
