WORK EXPERIENCE

- 6/16--10/16 **Bartender, Corner Restaurant-- Westport**
I maintained the bar front and tables. I also prepared the in house bloody mary mix and juiced our juices daily. The Corner Restaurant is a high volume brunch restaurant in one of the busiest districts in the city.
- 3/16--5/16 **Bar Manager, Cacao--Prairie Village, Kansas**
At Cacao, I helped open the restaurant and set up the bar. I designed the drink menu, set up the bar portion of the POS (Digital Dining) as well as bartending and inventory. It was a high volume bar but I prided myself on the systems I put in place to keep the bar running cleanly and efficiently.
- 10/15--3/16 **Bar Manager, Wasabi Sushi-- Prairie Village, Kansas**
I bartended and kept the bar stocked by managing inventory and ordering the liquor for the next week. It wasn't a very high volume bar but I learned a lot about Sake and about managing a bar. Unfortunately the establishment moved back to St Louis.
- 05/15-- 12/15 **Bartender, Argosy Casino--Crazy Olives--Journey Steakhouse--Kansas City, Missouri**
Over the summer I worked at a very high paced high volume sports bar and a fine dining Steakhouse within the Argosy Casino. I have learned a Micros system, an extensive amount of serving etiquette and security procedures during my time with Argosy. The bars are full service, full menu bars with an average variety of liquors and beers, and a large wine list.
- 03/13--05/15 **Bartender, Uptown Arts Bar--Kansas City, Missouri**
For over two years, I was trusted with various responsibilities ranging from preparing the facility for patrons to ensuring appropriate closing procedures were completed. In addition, I was involved with day-to-day operations and helped maintain a large assortment of liquor.

01/13--01/14 **Bartender**, *All About you Bartending--Kansas City, Missouri*
For a year I worked as a catering bartender that involved extensive travel throughout Kansas City to provide exceptional service at weddings, business parties and other similar events.
