From the first and last winter together to the end of winter

Winter is a time of year when the weather is cold and the days are short. It is a time when the leaves have fallen and the ground is covered in snow. It is a time when the sun is low in the sky and the nights are long. It is a time when the air is crisp and the wind is cold. It is a time when the world is quiet and the only sound is the crunch of snow underfoot.
