**To Whom It May Concern,**

I would like to thank you for taking the time to read over my cover letter and resume. I am hopeful that you will like what you see and will give me a chance to prove myself in an interview and eventual employment. I am excited about the opportunities presented and am willing to do what it takes to be a trustworthy employee within your company/department.

I have many attributes and skills that will assist me in becoming a successful, well liked employee. I have a laid back and positive attitude. I am a self starter and I work well with others or by myself. I have a good work ethic, am a dedicated individual and I learn very quickly and efficiently.

I hope that you have found what you need within my resume and would like to speak with me more in an interview. I look forward to meeting you and discussing this with you in more detail. Once again, thank you for your time and consideration.

Sincerely,

Alfonso Estrada
