Pizza Factory - Cook Prep Cashier

Valley Springs, CA

When I started working for the Pizza Factory I was only responsible for washing dishes and prepping ingredients. After a few months I began training to make dough and the sauce. I was and still am very adaptive to more responsibility. By the time I left valley springs I had become a manager of the restaurant. This meant that I would be left alone with the store and a small crew. I made sure everyone showed up and kept a smooth pace during rush hours and fill in for cashiers or cooks when needed.
