9. What do you do if you encounter with bed bugs in a guest room?

immediately reported
10. What do you do if you find Lost and Found items in a guest rooms?

immediately reported
11. Describe the difference between a disinfectant and a cleaning solution?

Cleaning works by using soap or detergent and water to physically remove germs from surfaces. This process does not necessarily kill germs, but by removing them, it lower their number & risk of spreading infection. Disinfecting kills germs on surfaces or objects.
