

# Anthony Chavez

I graduated from high school in 2003. I had my first job on the day I turned 17 and have had work experience ever since then. All kinds of jobs ranging from restaurant dishwasher, to general laborer. I've worked in a call center, I've cooked, been busser, done dishes, cashiered, mowed lawns, weed wacked, edged, dug ditches, worked in sanitation/landfill, done demolition, heavy lifting, warehouse packaging, etc. You name it, I've probably worked it before. There's still lots to learn at new jobs and I am more than ready to get started.
