To Whom It May Concern:

This is a Letter of Recommendation for Julia Henriquez. Julia started with Brennan's in September 2017 as a carver/cook, but that title alone does not do justice to all the skills she uses on our behalf. Her knowledge and skill set is lengthy: knife skills encompassing both the prep work of dicing, peeling and chopping as well as the less common skills of carving turkey, top round of beef, corned beef, brisket and ham, operating the computerized cash register, handling cash and plenty of customer service experience. The only regret we have about employing Julia is that we did not get to hire her sooner! She does not wilt under pressure. She is steady, reliable, clean and neat, a quick learner, prompt, a good team player, courteous, kind and loyal. Many customers have sought me out to praise Julia as a representative of the business and someone they will miss seeing. Many employees have told me how much they like sharing a shift with Julia. It has been a pleasure to work with Julia for the past year. Any business which hires Julia should count itself lucky to have found such a high quality employee. We wish Julia all the best for the future!

Sincerely,

A handwritten signature in cursive script that reads "Margaret M. Wade".
