## Summary

I have an associate degree in science with a focus on botany and agriculture. I enjoy tending to my several dozen species of houseplants. I like building and fixing computers. I've used this skill to fix a corrupt database for one of my restaurant jobs. I have never found a computer issue I couldn't solve. Extensive involvement with all aspects of working in restaurants. From washing dishes, to designing menus and setting prices. I am looking for a job where I can further my knowledge and expand my overall skills.

## Employment History

**Mad River Brewery**  
Kitchen Associate

Blue Lake, California  
November 2018 – May 2019

At this kitchen I shared responsibilities with my co-workers for making food to order as a line cook, some prep work, and after-hours cleanup.

**North Country Fair**  
Seasonal Non-Profit

Arcata, California  
September 2016 – Present

Working at a community non-profit for Humboldt County, I handled cash and checked ID's for people 21 and over. I also sold event related merchandise.

**Angelo's Pizza**  
Chef

Eureka, California  
May 2017 – Feb 2019

Working in a fast-paced environment, I had to make pizzas and cook them to perfection while making sure the orders were made correctly. Had to keep my area clean and organized at all times. I also fixed any computer issues we had.

**Shadow Mountain Country Club**  
Co-Restaurant Manager

Sunsites, Arizona  
April 2014 – October 2014

Helping my mother manage a small-town upscale restaurant, I wrote up and designed the menus, ordered product, cooked food, waited on and served customers, and washed dishes.

**Fistiki Farms**  
Farm Worker

Cochise, Arizona  
November 2012 - June 2013

Working on a pistachio farm, I performed tasks as small as digging a trench by hand, fixing irrigation lines, and pruning or planting trees, to jobs as large as driving a front-loader, operating an auger, and working as a team to install above and below ground irrigation over 40 acres.

## **Hobbies & Interests**

I'm a big fan of hiking, crabbing, star-gazing, working on computers, and playing in a band, I have also participated in many beach cleanups and restoration projects around Eureka. While in college, I would volunteer at the Humboldt Botanical Garden.

## **Education**

**Lewis School, Santa Rosa CA**  
High School Diploma  
Graduated  
May 2009

**College of the Redwoods Eureka, California**  
Associate of Arts: Science Exploration  
Graduated  
May 2017

I studied plant science and agriculture, performed in the CR Jazz Band, and stayed active with many physical education classes. I was also a member of the Forestry Club
