I am interested in a bartending position at Acrobat Outsourcing. I have worked in the service industry for several years and have experience as a massage therapist, server, hostess, prep cook, and barista. I am professional, reliable, and committed to providing guests with an extraordinary experience. As you will see in my resume, I have worked in different environments from fine dining restaurants to organic farm catering. Currently I am completing ABC Bartending School's Bartender course in Sacramento, learning principles of mixology and refining my knowledge of wines and craft beers. I am enthusiastic about learning new skills and enjoy challenges. I have a positive attitude and a strong work ethic, and would love to join your team.

Thanks for the opportunity to introduce myself. Please call, text, or email if you would like to arrange an interview!

Sincerely,

Elizabeth Curran
