- Respectful

## Experience

August 29, 2016 - May 16, 2018

**Academy of Sciences, Golden Gate Park**

55 Music Concourse Drive

San Francisco, CA 94118 - *Careers in Science Intern*

- A multi-year, year-round science internship and youth development program
- Interns do field research, visit colleges, learn from scientists, and collaborate in project groups.

May 24, 2018 - July 27, 2018

**Rubio's: Fresh Mexican Grill, Emeryville**

5614 Bay St, CA 94608 - *Cashier, Waitress*

- I greeted guests with kindness and took their orders. When the food was ready, I was responsible for taking the food to their tables. I was also responsible for cleaning the restaurant as well.

August 1, 2018 - September 3, 2018

**Black Bear Diner, Emeryville**

5750 Christie Ave, CA 94608 - *Hostess*

- I greeted guests with kindness, always making sure I had a smile on my face.
- If the guests were in need of something and the waitresses were not there, it was my job to complete the guests wishes.

## **Education**

August 20, 2016 - May 23, 2017

**Gateway High School, 1430 Scott St, San Francisco, CA 94115**

August 17, 2017 - July 18, 2019

**John O'Connell High School, 2355 Folsom St, San Francisco, CA 94110**

## **Awards**

At the California Academy of Science I became a level 2 intern from learning and memorizing the different types of stations that are located on the floor at the museum. This includes learning about African penguins, extinct mammals, tidepools, and colors of life.

After I had finished presenting to a guest they'd always leave knowing about the subject I taught them.

When I left the job I was able to project my own voice unlike before. I was really shy to project my voice in front of large amounts of people.

I was able to help design the new exhibit at the museum, "Giants of Land and Sea".
