OBJECTIVE: To use my unique skill set and experience to obtain employment
QUALIFICATIONS

Previous to my eight years as a Dialysis Technician, I worked in Warehouse Management and POS/ Inventory systems. I am a "can do, will do" person who is able to hit the ground running and quickly become an asset in any given assignment. I am proficient in Windows and Mac OS's. I have extensive experience interacting with customers, patients, and professionals. I am looking forward to taking these assets to my new career setting.
