Professional Experience

Volunteer Residential Construction Worker, Habitat for Humanity, San Diego, CA Sept. 2019

Painted interior doors and framing, measured, cut installed plywood roofing and fascia board and OSB to ceiling joints.

Volunteer Residential Painter and Construction Worker, Sorocaba, São Paulo, Brazil July - Aug. 2019

Removed mold, installed bathroom lighting and medicine cabinet, patched and painted walls.

Volunteer Construction Worker, Compassion Village, Sacramento CA June – July 2018

Used tape measure, level, power and hand tools for the construction of nine module homes.

Read blueprints, converted measurements to metric units, and problem solved with colleagues.

Amazon Fulfillment Center Construction Worker, Sacramento Airport April – Aug. 2017

Drilled holes with Jack Hammer for securing fulfillment stations and assembled drone-based carriages.

Ranch Hand, Private Resident, Rio Oso CA Jan.- Aug. 2013

Maintained interior and exterior of both home and guest house, cleaned and repaired jacuzzi and deck.

Trimmed and cleared trees, drove mower over two-acre property in severe weather conditions.

Residential and Landscape Maintenance Person, San Diego CA 2005-2008

Repaired damage to interior and exterior of a small apartment complex under the direction of the owner: mostly patching and painting walls, doors, cabinets. Modified vinyl fence using Dremel tools for detail work. Trimmed, cleaned and weeded existing plants and installed bender board and sprinkler system for newly planted sod and trees. Dug post holes, established proper alignment of post, and drilled fence boards.
