PROFILE

Exceptionally focused Sanitation Worker with a great eye for details. Multitasker able to handle sanitation tasks quickly, accurately, and safely. Skilled in working independently with little to no direction or as part of a professional food processing facility sanitation team.

EXPERIENCE

Sanitation worker, Freshly; Commerce CA 2021- Present

Responsibilities:

Compactor: -Remove, compact and bale all cardboard and trash from the facility. Maintain Baler machine in good operating condition.

Porter: -Clean floors, drains, windows and doors. Collect and transport all used/unclean racks, bins, trays, utensils, etc. to the Potwash Room

-Responsible for the disassembly and assembly of production machinery. Ensures equipment is carefully placed during the cleaning process

-Reassemble equipment using appropriate procedures to ensure proper placement and safe operation and ready for production start times. Familiar with the order in which equipment and production lines are set up to ensure they are reassembled in the same order.

-Ensure all equipment is cleaned and sanitized according to State and Federal regulations. Remove Cardboard and trash from production areas to compactors.

-Report Quality or Maintenance issues immediately. Maintain cleaning supply inventory. (PPE, Chemicals, Paper supplies, soaps, trash bags)

Pot wash: -Scrub, clean and Sanitize pots, pans, utensils, trays, bins. Remove trash from pot wash room to compactor.

-Stow pots, pan, utensils, trays and bins in the proper drying location for pick up. Uses pot-washer, pressure washers and other mechanical aids to wash and sanitize equipment and tools

Housekeeping: - Maintains clean locker room, changing rooms and bathrooms. Clean and maintain employee entrance. Vacuum and mop floors in non-production areas, including stairs.

- Mop floors and clean tables. Clean and organize the smock room. Empty office trash and remove.

Dishwasher, Culichi Town; Bell CA— 2020-2021

Responsibilities:

-Use approved chemicals to disinfect surfaces and equipment. Disassemble and clean processing equipment using chemicals by hand scrubbing and using tools without causing damage and maintaining organization of multiple parts. Wash, rinse, and sanitize dishes, pots, pans, utensils, and small wares.
